

## Lab 9 – Security and Distributed Systems

Due: Never.

The last lab consists of practice questions to look at on your own (not to be turned in) plus the final exam from the last time the course was taught (also not to be turned in).

### Practice Questions

1. SG&G 12.19
2. SG&G 15.1
3. SG&G 15.4
4. SG&G 15.12
5. SG&G 15.14
6. SG&G 17.1
7. SG&G 17.4
8. SG&G 17.7
9. SG&G 17.8
10. Suppose someone discovers the encryption scheme used by a Unix server for which you are an administrator. Should you panic?
